LETTER

DATE: 24/11/2005

To: RECTOR OF BSEU
SUBJECT: LETTER OF SUPPORT FOR TACIANA KHOMA

Dear Mr. Vladimir Nikolaevich Shimov,

The National Union of Students in Flanders is very concerned about the news that we have recently received from Belarus. One of your students, Taciana Khoma has been threatened with being expelled from university for very unclear reasons.

Taciana is a very fine student, a great student representative and a dear colleague and we strongly believe that expelling her from your institution is a terrible thing. Students should be free to choose their activities, travel where they want and be active as student representatives. Your action is limiting the freedom of students and we strongly condemn this. Let Taciana Khoma finish her studies as a regular student at your university.

Yours sincerely,

Michael Hörig
International officer VVS, the National Union of Students in Flanders
