## Support for Taciana Khoma

Dear Mr Shimov,

Taciana Khoma is a democratic elected person of the next executive committee of ESIB – the National Unions of students in Europe. Therefore, she went to the board meeting in Reims (France).

Expelling her from university is a violation of human rights to freely move and travel as well as this action has been taken for political reasons and the involvement of Taciana in European student organisation.

fzs – the national union of students in Germany calls on you to stop this violation on Taciana Khoma and take back the expulsion immediately.

We also call on you to take back her expulsion from the student dorm. This is a big attack on her personal situation and cannot be accepted.

The students organisations in Europe such as fzs stand for democratic structures and supporting acceptable conditions for students' lives. We cannot accept any governmental repression on students within universities and due to the fact, that they are involved in students organisations.

Yours faithfully,

fzs – the national union of students in Germany
